Colon Hydrotherapy

An ancient therapy with the most innovator technology

HC-1 PLUS

The most advanced device in Europe

With a secure and efficient selfcleaning & disinfection system

Indispensable for a proper intestinal cleaning

With the best price of the market

Technical characteristics:

Easy installation

Easy of handling

Low consumption

Automatic pressure safety at 100mbar

Automatic temperature safety 40°C

Digital thermostat

Flow regulator from 0 to 150l/h

High sensivity fuses against circuit overloak

Hermetic, odour-free drainage system

Deposit for disinfectant

5 microns activated carbon filters

Device for introduction of therapeutic solutions, salt water, oxygen, ozone

UV lamp: total elimination of bacteria and viruses

lifetime up to 9000 hours

Crystal bottle & Metallic Support for introducing therapeutical solutions

Cleaning and disinfection system

Regulatable pressure gauge from 0 to 200mbar

1 speculum

1 obturator

1 inflow hose

1 waste helicodial hose
lubricant

Available in sizes

large & small

Do you know the benefits of Ozone Therapy?

Ozono is capable of:

attacking and destroying any type of micro-organism such as bacteria, viruses, algae...

breaking down organic substances such detergents, pesticides,...

neutralising inorganic substances such as ammonia, urea...
